The Court and counsel discussed case management moving forward. In light of the Court's concern that it could not deny the motion for a bill of particulars as moot as previously suggested, counsel for Mr. Adams indicated that it would not withdraw the motion but would accept the Court's ruling on the merits. The remainder of the call focused on scheduling and narrowing the scope of expected future motions. The Court anticipates issuing a scheduling order on Monday, January 22, 2018.
